WELCOME | KIA ORA TĀTOU

THE FUTURES ACADEMY IS PROUD TO OFFER STUDENTS TRADES TRAINING ACROSS THE BAY OF PLENTY

FUTURE-FOCUSED

The Bay of Plenty Futures Academy has been empowering high school students' education since 2009. Our focus is to provide innovative, 21st Century, trades training that aligns with particular workforce needs across the Bay of Plenty helping to equip our future workforce.

Our programme offers students the experience of hands-on, work relevant, learning that provides a strengthened pathway to apprenticeships, employment, or further trades training not generally offered within secondary schools.

Ākonga/ students can earn significant credits towards National Certificate of Educational Achievement (NCEA) Levels 2 and 3, and many courses also count towards tertiary credits, certificates, and qualifications.

THE FUTURES ACADEMY OPTION

Senior students at schools and kura throughout the Bay of Plenty can apply to the Futures Academy for the option to combine their school learning with meaningful trades training offered by one of our training partners. This programme is funded through the MoE, so it is a free study option for students to develop trades skills and knowledge that support their pathway of interest.

Applications for Futures Academy courses are approved firstly by the students' school Careers Advisors and course acceptance is made by the training partner.

THE FUTURES ACADEMY ADVANTAGE

Students enrolled in the Futures Academy not only gain NCEA credits they can also:

- gain confidence, skills and experience that employer's value.
- participate in industry visits and field trips.
- try tertiary education, for free, while at school.
- gain stronger pathways into apprenticeships and employment.
- secure a strong pathway into further trades training, study and qualifications.
- some courses also provide work-based training.

WHAT IS TRADES TRAINING FOR THE 21ST CENTURY?

SKILLS FOR THE FUTURE

Traditionally, learning a trade has been defined as learning a skill that involves working with your hands. However, the trades sector has evolved in the 21st century to include a variety of innovative, highly specialised industries, like technology, design, and engineering.

WHY LEARN A TRADE IN HIGH SCHOOL?

BUILD FOR THE FUTURE

Students who try a trade while in high school increase their chances of discovering their strengths and passions and can then take early steps to focus their learning on the related skills and knowledge.

The Futures Academy allows students to pursue an area of interest, through hands-on learning, while also earning the credits they need for passing their year level.

Having trades professionals training students in high school can help students to gain a better understanding of the world of work, gain skills and confidences in an industry they are passionate about, and enable them to make connections within the industry that can lead students to job offers, and/or opportunities for apprenticeships.

Having skilled trades learning as part of high school gives students more opportunities to learn, understand and plan for their future, by allowing students to:

- Pivot their NCEA learning towards hands-on, skills based, trades employment.
- Gain work related experience, confidence, and connections
- Gain transferable skills for employment and life.
- Make pivotal connections that can lead to further apprenticeships, employment, or training opportunities.

YOUR FUTURE STARTS HERE

VOCATIONAL PATHWAYS

PATHWAYS ARE THE WHY FOR EDUCATION

Pathways are about supporting successful transitions for all ākonga/ students into further education, training, employment and life. Pathways are:

- about who ākonga/ students are and want to be, as well as what they want to do.
- lifelong, with multiple transitions involving paid and unpaid work, formal and informal learning, and life events.
- not linear.

Everyone is on a pathway, and should be the Why of each students' educational experience.

Primary Industries - Ahumahi Matua

The Primary Industries is all about the food and fibre sector.

Jobs in the food and fibre sector involve hands on work growing and harvesting plants, crops and animals that help feed us and the world. There are many jobs in the farming, horticulture, fisheries, forestry and connected industries that have opportunities for school leavers and for those with an interest in moving into this sector.

"What I enjoy about my current situation is the independence I have and the ability to make decisions."

Service Industries - Ahumahi Ratonga

If you're a people person, this could be the Pathway for you. This diverse industry employs a third of Aotearoa New Zealand's workforce. Experience in the services industry can help you become a business owner, to take you around the world, and to give you transferable skills to help you progress in a variety of careers in this and other sectors.

"I love being in a team environment and having customers leave with a smile."

Creative Industries - Ahumahi Auaha

If you're the creative, artistic or sporty type, or have an interest in culture, recreation or digital technology, this could be the Pathway for you. The Creative Industries is a diverse sector full of interesting and exciting opportunities in visual and performing arts, design, digital technologies, the film industry, game development, fashion and beauty, events, and so much more.

"I am motivated by the desire to achieve, not by the desire to beat others. I love making something from nothing."

Social and community services - Ratonga Pāpori, Ratonga Hapori

If you're a people person this could be the Pathway for you. Careers in this Pathway are all about supporting the community and caring for people in need.

This Pathway includes health, care and disability services, social services, youth services, beauty and nail services, education and education support services, funeral services, civil defence, fire and emergency services, public order safety and urban pest management. All are essential for the well-being and safety of our citizens and careers in them can be truly rewarding.

"I'm making a difference for future New Zealanders."

Construction and Infrastructure - Te Mahi Hanga me te Pūtoi Hanganga

If you like working with others, having different tasks every day, and learning by doing stuff yourself, then construction and infrastructure might be perfect for you. Work in this incredibly important industry is varied, rewarding and often physically active. You can take pride in playing your part to build, repair and maintain Aotearoa New Zealand from below the ground up.

"I love putting things together and creating. All I ever wanted to do was be involved in building. I get a great mix of onsite activity, being with people, and desk work."

Manufacturing and Technology - Te Whakanao me te Hangarau

This Pathway includes the manufacturing, engineering, and logistics sectors.

This may be the Pathway for you if you like making things work. It covers types of work that ranges from hands-on assembly to cutting-edge research, from busy production lines to using complex scheduling software, and from driving or maintaining all types of vehicles and boats to mining and food processing. These jobs offer opportunities to make new discoveries and a practical difference to the world.

"When I was young I used to help my Dad out at our family business, repairing small engines for lawnmowers, chainsaws - that sort of thing. I knew I wanted to work in a hands-on job."

EARNING POTENTIAL

OF THE CAREERS LINKED TO OUR TRADES COURSES AND THEIR VOCATIONAL PATHWAYS

CONSTRUCTION & INFRASTRUCTURE - TE MAHI HANGA ME TE PUTIO HANGANGA

If you like working with others and enjoy many different tasks and learning by doing stuff yourself this could be the Pathway for you.

\$ 37,000 - 145,000 CONSTRUCTION : Labourer, carpenter, scaffolder, roofer, painter, plasterer, crane operator, earth mover, manager

CREATIVE INDUSTRIES - AHUMAHU AUAHA

If you're the creative, artistic or sporty type, or have an interest in culture, recreation or digital technology, this could be the Pathway for you.

\$ 35,000 - 90,000 DIGITAL DESIGN : Graphic designer, animator, gaming designer

\$ 20,000 - 80,000 PERFORMING ARTS : Performer, lighting technician, sound technician, choreographer, production manager

\$ 45,000 - 207,000 TECHNOLOGY : IT technician, programmer

MANUFACTURING AND TECHNOLOGY - TE WHAKANAO ME TE HANGARAU

If you like making things work this may be the Pathway for you.

\$ 35,000 - 110,000 ENGINEERING : Auto groomer, builder, repair technician, mechanical engineer, machinist, mechanic

PRIMARY INDUSTRIES - AHUMAHU MATUA

This pathway is all about the food and fibre industry, which is Aotearoa's largest industry.

\$ 40,000 - 150,000 FORESTRY : Logger, planter, forest manager

\$ 39,000 - 160,000 AGRICULTURE : Farm assistant, dairy farm manager, aquaculture farmer

SERVICE INDUSTRIES - AHUMAHU RATONGA

If you're a people person this could be the Pathway for you. This diverse industry employs a third of Aotearoa's workforce.

\$ 35,000 - 146,000 HOSPITALITY : Customer service, food and beverage service, hotel worker

\$ 44,000 - 110,000 TOURISM : Tour guide, reservation coordinator, customer service

\$ 39,000 - 65,000 HAIR and BEAUTY : Hair stylist, beauty therapist, salon owner

SOCIAL AND COMMUNITY SERVICES - RATONGA PAPORI, RATONGA HAPORI

If you're a people person this could be the Pathway for you. Careers in this Pathway are all about supporting the community and caring for people in need.

\$ 35,000 - 146,000 FITNESS : Personal trainer, team trainer, premier coach

\$ 40,000 - 85,000 SOCIAL HEALTH : Social worker, caregiver, allied health

\$ 45,000 - 75,000 ECE: Early childhood teacher, childcare manager

COURSE INFORMATION

OUR FUTURES ACADEMY COURSES OFFER INNOVATIVE, HANDS-ON, TRADES LEARNING THROUGH...

FOUNDATION COURSES

Courses focus on foundational skill building and training experience in one particular trade area. Generally offered, at Level 2, offered one to two days a week, for 30 weeks.

ADVANCED COURSES

Offer a more in-depth skills and theory-based training, where students can attain credits towards an industry certificate, or pathway directly into apprenticeships, trades employment or further training. Generally, courses are offered at a Level 3, and are held 2-3 days a week, for 30 weeks.

WORK BASED TRAINING COURSES

To support students to gain skills and training that will help them to have a stronger pathway into trades employment, the Futures Academy has been patterning directly with industry to provide students with work-based training options. These worksites will also interview students before accepting them onto their course to ensure students understanding of the course, the commitment required, and their goodness of fit as a potential employee (ex. Timber Trades Training, Transport Engineering w/ Patchell Engineering, and the Health Academy). Some students may even be offered paid work.

COHORT COURSES**

Are designed for groups of students from one school. Noho style consists of intensive 1-week blocks, over a 30-week period OR held one day a week. Generally, courses are offered at Level 2.

** Please see Te Wānanga o Aotearoa, page 27, and your school / kura for a cohort course option.

COURSE DATES

Futures Academy courses generally run Terms 1 - 3 of the school year and catch-up days are scheduled over the school holidays or early in Term 4. This allows students to catch up on any missed work before exams start.

STUDENT ENROLMENT

Due to a growing demand and limited availability of spaces, not all students will be accepted into the Futures Academy programme. Students who apply are encouraged to 'put their best foot forward' and identify in their application the skills or trades they wish to learn about and why.

School Careers Advisors will meet and interview students who want to apply to assess their:

- ✓ motivation
- ✓ personal goals
- ✓ school attendance
- ✓ relevant experience & skill base
- ✓ capacity to balance trades & in-school learning
- ✓ application is complete, signed & has caregiver support
- ✓ complementary work experience opportunities

Students accepted into the Futures Academy programme are expected to maintain 100% attendance at both their trades and in-school courses to gain maximum benefit from this opportunity.

TRANSPORT

Transportation may be available for some courses. Availability is based on a student meeting specific criteria set by the Ministry of Education's Transportation Policy.

LOCAL COURSES

Generally, if a student is accepted onto a local course it may primarily be up to the student to get themselves to their course and back (ex. walking, riding a bike, drive themselves, ask the school bus to drop them off near to their course, take a city bus, set up a carpool, etc).

COURSES IN ANOTHER REGION

If a student is accepted into a course in another region and the student cannot make their own way to their course, limited group transport may be available (which may also require additional students from the area being transported on the same day to ensure affordability and the students ultimate enrolment in the course).

COURSES IN TAURANGA AND ROTORUA

In addition, the majority of our courses offered in the city centres of Tauranga and Rotorua are in locations where students can choose to take the existing city bus service, or the free / low cost "Uni Busses", service to and from course (Uni Bus offered through BOPRC or Toi Ohomai). Students choosing this existing regional Uni transport options may arrive back to their home location later in the afternoon (some locations between 5-7pm, please check Uni bus website for details).

OPTIONS

Your schools career advisor can link with the Futures Academy to investigate what transport options may be available, once they have received confirmation that a student has secured a place in Futures Academy.

APPLICATION TIMELINE

Applications to be submitted by:	Term 3 / First cut off date 25th October
Applications reviewed by training providers:	Early Term 4
Initial acceptance into FA courses confirmed by:	End of Term 4
Course start dates:	2nd Week of February
Second application cut off:	Friday 14th February

THINK YOU MIGHT BE INTERESTED IN TAKING SOME OF OUR HANDS-ON COURSES?

SPEAK WITH YOUR SCHOOL CAREERS ADVISOR FOR AN INTERVIEW AND A FUTURES ACADEMY APPLICATION TODAY!

APPLY NOW!

COURSES BY REGION

Final course locations will depend on adequate enrolment numbers, staffing, and funding.

Dive Zone Tauranga is a delivery site for the Academy of Diving Trust, and a 5 Star PADI Instructor Development Centre. Dive Zone Tauranga runs full and part time dive courses to provide students with the qualifications needed to work anywhere in the world in the dive industry.

This course is designed to guide the non-diver safely through basic scuba diving and gain the PADI Open Water Diving certification, PADI Advanced and PADI Rescue Diver certifications. These are the prerequisites to professional dive qualifications such as Divemaster, Dive Instructor and scientific diving in the marine biology field.

SCUBA DIVING

NEW ZEALAND CERTIFICATE IN DIVING

This course will be held 1 day per week, over 30 weeks, and students will have the opportunity to complete up to 40 dives. The course will be made up of dive theory and practical sessions both pool based and in open water at Lake Rotoma and boat dives in the ocean.

Upon completion of this course students can transfer onto the Diploma in Professional Scuba Instruction. This is a further 6 months of full-time study and students will become PADI Specialty instructors, this is an internationally recognized certification in over 183 countries.

UNIT STD	SCUBA DIVING	LEVEL	CREDITS
28392	Scuba dive in open water to a maximum depth of 18 metres		7
28407	Complete scuba dives off a boat in open water		3
28408	Complete scuba dives off the shore in open water		4
28395	Complete diver rescues		7
TOTAL CREDIT VALUE		3	21

COURSES PATHWAY TO FURTHER STUDY IN:

Marine Studies, Commercial Diving, Underwater Construction, Navy Diver, Boat Skippers.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Dive Instructor, Dive Guide, Dive Retail, Adventure Tourism, Navy Diver, Commercial Diving, Super Yacht Crew, Boat Charter Crew, Outdoor Education, Tourism Guide.

EmployNZ is a NZQA Category 1 Provider with a 20-year history of providing high quality education and employment placement services to students and local employers.

We offer a New Zealand Diploma in Information Technology (Technical Support) Level 5, leading into a New Zealand Diploma in Systems Administration Level 6. We also offer a range of foundation programmes leading to the achievement of NCEA Levels 1 and 2.

TECHNOLOGY

INTRODUCTION TO IT SUPPORT / LEVEL 2 & 3

During this course you will collaborate in a team to research, design and implement a live IT Support Help desk. You will learn how to solve a range of hardware, networking and software support issues faced daily by technicians in this fast-paced industry. After completing this course, you will be ready to take the next step in your IT career and enrol in a NZ Diploma in IT.

Course delivery: Terms 1-3; 30 weeks (1 day per week); TGA

UNIT STD	INTRO TO IT SUPPORT	LEVEL	CREDITS
29772	Manage files and folders using digital devices		2
29782	Demonstrate knowledge of computing hardware, software and terminology to select digital tools for specified purposes		5
29783	Implement basic security when using digital devices and software		3
29781	Use the internet and common digital devices and software to gather information and connect with other users and devices		7
TOTAL CREDIT VALUE		2	17

UNIT STD	IT SUPPORT	LEVEL	CREDITS
29796	Collaborate effectively with others in a digital environment		7
29793	Investigate, plan, design and create digital outcome solutions to meet the requirements of a specified brief		5
29789	Use a presentation application to produce an interactive multimedia presentation		3
29798	Troubleshoot, fix and escalate a range of common hardware and software problems		3
TOTAL CREDIT VALUE		3	18

COURSES PATHWAY TO FURTHER STUDY IN:

Level 5 Diploma in Information and Technology, ENZ Level 6 Diploma in Systems Administration, ENZ, Computing or Administration and Technology, Level 3 with TWA, Bachelor Degree of Applied Information and Technology at Toi Ohomai, or Further University studies – such as Bachelor's Degree in Computer Science, Computer Engineering, Information and Technology.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Computer Support Technician, Database/Systems Administrator, Network Engineer, Network Security, Software Developer, Project Manager, Web Developer, Web Designer.

EARLY CHILDHOOD EDUCATION

INTERESTED IN BECOMING AN EARLY CHILDHOOD EDUCATOR?

Do you have a passion for working with children? This creative course will introduce you to a career in early childhood education and kick off your journey as a teacher. In this programme you will gain the knowledge and skills you need to participate in an early childhood setting. You will develop different approaches to educating young children, gain knowledge in child development and create environments and resources to empower children's learning.

Course delivery: Terms 1-3; 30 weeks (1 day per week); TGA

UNIT STD	INTRO TO EARLY CHILDHOOD EDUCATION	LEVEL	CREDITS
29859	Describe values and beliefs that inform own personal approach to the learning and care of young children		4
29857	Describe patterns of development and learning for young children		5
29852	Demonstrate knowledge of the basic needs and nutrition that support young children's holistic wellbeing and development		4
29861	Identify and describe agencies/services available in the community to support young children and families		3
29854	Describe personal and environmental hygiene and safety practices for the care of young children		2
TOTAL CREDIT VALUE		2-3	18

COURSES PATHWAY TO FURTHER STUDY IN:

After completing this programme, you will be ready to enrol in Early Childhood Education Certificate courses at either Employ NZ or an ECE degree programme at Toi Ohomai.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Early Childhood Education, Teacher, Teacher's Aide, Childcare.

CAFÉ SKILLS

INTRODUCTION TO CAFÉ SKILLS

Kick off your career with Café, and learn the practical skills needed to be a hospitality hot shot!

Throughout this course you will cover the knowledge and practical skills needed to work in a café setting. You will learn creative barista talents, café cuisine, food safety practices and top service skills required to work in this fast-paced industry.

Our experienced tutors will prepare you for your hospitality journey at our nice modern campus and ready you for EmployNZ's level 3 Café programme.

Course delivery: Terms 1-3; 30 weeks (1 day per week); TGA

UNIT STD	INTRO TO CAFÉ SKILLS	LEVEL	CREDITS
167	Practise food safety methods in a food business under 4 supervision		4
13281	Prepare and present basic sandwiches for service		2
17285	Demonstrate knowledge of commercial espresso coffee equipment and prepare espresso beverages under supervision		4
14436	Provide table service for a commercial hospitality establishment		4
14425	Prepare and serve hot and cold non-alcoholic drinks for a 5 commercial hospitality establishment		5
TOTAL CREDIT VALUE		2	19

COURSES PATHWAY TO FURTHER STUDY IN:

EmployNZ level 3 Café programme.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Barista, Kitchen Support, Server, Café Manager.

ETCO - THE ELECTRICAL TRAINING EXPERTS

Qualified electricians are in high demand. Etco is NZ's leading provider of electrical apprenticeships and training, providing employment by placing apprentices with electrical companies and contractors through our group apprenticeship scheme. With over 30 years of experience, we have supported thousands of students in training. Trust The Electrical Training Experts.

THE ELECTRICAL PRE-TRADE FOUNDATION PROGRAMME / LEVEL 3

Take the first steps towards working in the electrical industry by studying for the Electrical Engineering Level 3 Theory with ETCO. Pre-Trade Foundation Programme students can apply for employment as an ETCO apprentice before their course finishes and will know before graduation whether they have been offered a position with ETCO. The programme includes:

- Basic knowledge and principles of electrical theory
- Basic knowledge of fault diagnosis and testing techniques
- Basic knowledge and principles for installation and maintenance of electrical machines and equipment
- Safe working procedures and practices
- Legal limitations of electrical legislation
- How to work ethically and professionally within the electrical industry

Students are taught electrical theory and some practical knowledge by registered electricians, during this course.

Delivery: Feb-Dec Full year course, three-days-a-week.

Locations: Whakatāne, Rotorua, Taupo, Tauranga, Tokoroa (dependent on sufficient numbers of students).

UNIT STD	ELECTRICAL PRE-TRADE FOUNDATION PROGRAMME	LEVEL	CREDITS
750	Demonstrate knowledge of electrical test instruments and take measurements		2
15847	Demonstrate knowledge of mathematics and mechanics for electrical trades		4
15848	Demonstrate and apply knowledge of safeguards for use with portable electrical appliances		3
15849	Perform manual soldering and de-soldering procedures for electrotechnology work		2
15852	Isolate and test low-voltage electrical subcircuits		2
15855	Demonstrate knowledge of circuit protection		3
25070	Explain the properties of conductors, insulators, and semiconductors and their effect on electrical circuits		7
25071	Demonstrate knowledge of electromotive force (e.m.f.) production		3
25072	Apply electromagnetic theory to a range of problems		5
29465	Apply knowledge of electrical safety and safe working practices for electrical workers		6
29466	Demonstrate knowledge of legislation and Standards governing electrical workers		2
29467	Demonstrate knowledge of the electrical industry ethical work practices		2
29468	Demonstrate and apply knowledge of safe plant isolation, re-commissioning, and associated electrical testing procedures		5
29469	Select and install flexible cords and cables		4
29470	Demonstrate knowledge of electric motor and generator construction and operation		2

29474	Demonstrate and apply knowledge of electrical fittings and components and their installation	6
30645	Demonstrate practical application of theory and legislation for electrical appliance service persons (endorsed)	3
1204	Demonstrate knowledge of earthing	2
6401	Provide first aid	1
6402	Provide basic life support	1
6705	Test electrical appliances for safety	3
15866	Demonstrate and apply knowledge of and the procedures for the examination of and testing of electrical installations	3
29471	Demonstrate knowledge of electric switchboards and lighting and power circuits	2
29473	Demonstrate knowledge of single-phase and three-phase transformers	3
29476	Demonstrate and apply knowledge of capacitance, inductance, power factor, and power factor correction	7
29477	Demonstrate knowledge of the New Zealand national electricity grid and associated electrical protection	2
29479	Draw and explain electrical diagrams	4
29480	Demonstrate knowledge of electric circuit design, control, and protection	6
29481	Apply knowledge of lighting installation, testing, repair, and disposal	5
29483	Demonstrate and apply knowledge of single-phase and three-phase rotating machines	4
29484	Demonstrate intermediate knowledge for working in electrical trades	1
29557	Apply fundamental techniques for identifying and locating faults in electrical fittings or systems	4
29749	Demonstrate and apply knowledge of theory and practice for registration of electrical workers (stage 1)	2
29753	Demonstrate and apply knowledge of theory and practice for registration of electrical workers (stage 2)	2
30657	Isolate low-voltage electrical subcircuits and perform basic checks and tests to confirm isolation	1
30658	Demonstrate knowledge of fundamental electrical safety in the workplace	2
31831	Apply knowledge of theory and legislation for electrical service technicians (EST)	4
CREDIT VALUE		3
		120

COURSES PATHWAY TO FURTHER STUDY IN:

Pre-Trade Foundation Program Graduates, Electrical Apprenticeship – NZ Certificate Electrical Engineering Level 4 Electrical Apprentices, Electrical Engineering Qualification.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Pre-Trade Foundation Program Graduates

Electrical Wholesaling, Retailing, Electrical Meter Reading, Electrical Appliance Service Technician, Electrical Service Technician.

Electrical Apprentices

Business Ownership, Electrical Estimator, Inspector, Project Manager, Automation, Robotics, Supervisor, Solar and Wind Energy, Marine, Teaching.

Tauranga Hair Design Academy (trading as Hair to Train) has been in operation since 1997. Hair to Train is a boutique Private Training Establishment (PTE) based in the Bay of Plenty region and specialises in high quality hairdressing and barbering training.

Bay of Plenty Futures Academy students will receive an insight to the wonderful world of hairdressing and barbering. A fun, practical, and hands on programme that will ensure you gain a firm understanding of the industry. As everyone wants to learn about cutting hair, Hair to Train has also incorporated a foundation cutting workshop.

BARBERING AND HAIRDRESSING

HAIRDRESSER/BARBER FOUNDATION PROGRAMME / LEVEL 2

COURSE DELIVERY:

Terms 1-3: 30 weeks, 1 day per week, on Mondays.

In Term 3: Option to choose a Barbering Pathway or a Hairdressing Pathway.

Locations: ROT, TPO, TGA, WHK

TERMS 1-2

UNIT STD	BARBERING AND HAIRDRESSING	LEVEL	CREDITS
21935	Maintain order and supplies in a hairdressing or barbering salon environment		5
21936	Protect the client for hairdressing services in a salon environment*		1
21940	Demonstrate knowledge of workplace requirements for employment in a salon*		5
25439	Demonstrate knowledge of sustainability concepts for a salon*		2
28026	Present a personal fashion image for work in a hairdressing salon environment*		3
28025	Demonstrate knowledge of the client journey in a salon*		2
28027	Demonstrate knowledge of undertaking an observation of technical skills in a salon*		3
TOTAL CREDIT VALUE		2	21

**or barber shop*

TERM 3

BARBERING OPTION

Barbering has made a huge comeback in NZ. New trends in men's hairstyling and grooming have made barbering an important aspect for men's fashion worldwide.

UNIT STD	BARBERING	LEVEL	CREDITS
19805	Blow dry hair using barbering techniques		5
19808	Select and maintain barbering tools and equipment		4
28018	Demonstrate knowledge of removing product build-up from hair		4
TOTAL CREDIT VALUE		2-3	13

HAIRDRESSING OPTION

Hairdressing allows you to express your creativity, make people feel beautiful and gives you flexible and diverse employment opportunities.

UNIT STD	HAIRDRESSING	LEVEL	CREDITS
2866	Shampoo hair and scalp		4
2869	Apply treatments to hair and scalp		2
25790	Select maintain and demonstrate safe handling of hairdressing equipment and handheld tools		4
25077	Section and comb hair		2
TOTAL CREDIT VALUE		2-3	12

COURSES PATHWAY TO FURTHER STUDY IN:

NZ Certificate in Salon Skills (Level 2), NZ Certificate in Makeup and Skin Care (Level 3), NZ Certificate in Hairdressing (Level 3), NZ Certificate in Commercial Barbering (Level 4).

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Hairdressing apprenticeship, Barbering apprenticeship, Beauty apprenticeship.

Te Kāreti o Ōpōtiki
Ōpōtiki College

Eastern Bay Trades Academy

In 2022 Ōpōtiki College launched a full-time Level 3 Building Academy in partnership with Whakatōhea Māori Trust / Te Pou Oranga O Whakatōhea with cross government support. From this partnership ten houses have successfully been built and purchased by Kainga Ora and six re-sited in Opotiki to help ease the local housing shortage.

RINGA RAUPA BUILDING ACADEMY / LEVEL 3

This course has been designed to prepare students to step into a building, or any other trade apprenticeship, through building new re-locatable houses on the Ōpōtiki College grounds. This year we will be delivering a 5-day-a-week programme for in school students, and 3 day a week programme for local school students (see the credit breakdown below).

On completion, the students will walk away with a Level 3 BCITO certificate along with 52-75 credits at NCEA Level 3 assisting them with their NZQA Level 3 qualification.

Course delivery: Full time, terms 1-4, 5 days a week for in school and 3 days a week for local school students; in OPO.

3 DAYS A WEEK : PROGRAMME FOR LOCAL SCHOOL STUDENTS

UNIT STD	LEVEL 3 BCATS	LEVEL	CREDITS
US 29684 V1	Undertake a Stage 3 BCATS project		12
US 29677 V1	Follow safe workplace practices, and contribute to a health and safety culture, in a BCATS environment		2
US 29678 V1	Demonstrate knowledge of, select, and use materials for a Stage 3 BCATS project		4
US 29679 V1	Develop and use BCATS project documentation for a Stage 3 BCATS project		8
US 29680 V1	Communicate and work collaboratively in a Stage 3 BCATS project		5
US 29681 V1	Measure and calculate for a Stage 3 BCATS project		3
US 29682 V1	Select, use, and maintain tools, equipment and machinery for a Stage 3 BCATS project		4
US 29683 V1	Incorporate other building, construction and allied trades into a Stage 3 BCATS project schedule		2
US 32462 V1	Use Carpentry tools under supervision		12
TOTAL CREDIT VALUE		3	52

5 DAYS A WEEK : PROGRAMME FOR IN SCHOOL STUDENTS

UNIT STD	LEVEL 3 BCATS + BCITO MICRO-CREDENTIALS	LEVEL	CREDITS
US 29684 V1	Undertake a Stage 3 BCATS project		12
US 29677 V1	Follow safe workplace practices, and contribute to a health and safety culture, in a BCATS environment		2
US 29678 V1	Demonstrate knowledge of, select, and use materials for a Stage 3 BCATS project		4
US 29679 V1	Develop and use BCATS project documentation for a Stage 3 BCATS project		8
US 29680 V1	Communicate and work collaboratively in a Stage 3 BCATS project		5
US 29681 V1	Measure and calculate for a Stage 3 BCATS project		3
US 29682 V1	Select, use, and maintain tools, equipment and machinery for a Stage 3 BCATS project		4
US 29683 V1	Incorporate other building, construction and allied trades into a Stage 3 BCATS project schedule		2
US 32462 V1	Use Carpentry tools under supervision		12
US 32443 V1	Demonstrate knowledge of tools and equipment used for carpentry		9
US 12997 V5	Demonstrate knowledge of working safely in construction		3
US 24362 V2	Demonstrate knowledge of documentation, working drawings and specifications for building work		3
US 13002 V4	Demonstrate knowledge of timber used in construction		2
US 24378 V2	Make calculations for carpentry.		4
TOTAL CREDIT VALUE		3	73

* This course may also be delivered at other EBoP school locations upon negotiation.

COURSES PATHWAY TO FURTHER STUDY IN:

BCITO Apprenticeship, level 4.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Building, Electrician, Plumbing, Scaffolding, GIB stopping, Painting and Decorating, Roofing.

HEALTH, HAUORA, AND SOCIAL SERVICES

HEALTH, HAUORA, AND SOCIAL SERVICES / LEVEL 2

This course is designed to help prepare students towards a pathway within Health, Hauora, or Social Services, focusing on a range of level 2, unit standards.

The course work is centered around work readiness in the Health and Social Services field and specific Health and Wellbeing Standards that are completed in a placement in a Health/Hauora or Social Service setting.

Along with the possibility of gaining 71 credits towards NCEA Level 2; students will also have the possibility of gaining a further 8 credits to gain a Certificate in Health and Wellbeing Level 2.

During Term 1 students will visit different health providers including Māori health practitioners. During Term 2 students will undertake placements in areas of interest one day a week followed by 2 days focused on course work.

After the review of unit standards, students have the potential to gain the micro-credential, a Certificate in Health and Wellbeing (Level 2), if optional standards were completed.

Delivery: Term 1-3, 5 days a week for Rotorua Girls' High School students and 3 days a week for Area School students, in ROT.

5 DAYS A WEEK : PROGRAMME FOR ROTORUA GIRLS' HIGH SCHOOL STUDENTS

UNIT STD	HEALTH, HAUORA, AND SOCIAL SERVICES	LEVEL	CREDITS
4253	Review potential worksites and the Roles for Placement		3
10780	Work 3 days a week at local provider for the year		3
7118	Plan w/ supervisor what you will learn		3
7117	Identify factors that can support or create an obstacle to your learning		2
12383	Explore career options		3
10781	Plan your next steps		3
4252	Create a CV showcasing your new skills and knowledge		2
33019	Use communication to help you in your role		3
10791	Participate in team meetings		3
9677	Help with a team project		3
1294	Be interviewed at potential worksites		2
15986	Demonstrate knowledge of tikanga in relation to rongoā rākau		2
15315	Demonstrate knowledge of personal safety of kaimahi when working with whānau		3
23451	Share about your role		5
28519	Share how you help to maintain a safe work environment for yourself and clients		6
28517	Report on clients' progress		5
28518	Meet with clients		5
28529	Share how culture can impact clients		5
23686	Share what your clients' rights are		2
28545	Create client support plan		5
28548	Support a clients' wellbeing		3
TOTAL CREDIT VALUE		2	71

** A similar course is offered in WHK through a partnership with Trident High School.*

HEALTH / HAUORA ACADEMY / LEVEL 2

3 DAYS A WEEK : PROGRAMME FOR AREA HIGH SCHOOL STUDENTS

UNIT STD	HEALTH / HAUORA ACADEMY	LEVEL	CREDITS
	Client Care and Self Care		
23451	Share about your role		5
23686	Share what your clients rights are		2
28519	Share how you help to maintain a safe work environment for yourself and clients		6
15986	Demonstrate knowledge of tikanga in relation to rongoā rākau		2
15315	Demonstrate knowledge of personal safety of kaimahi when working with whānau		3
28518	Meet with clients		5
28545	Create client support plan		5
28548	Support a clients wellbeing		3

CARAVAN RESTORATION

The Caravan Restoration and Renovation Project offers students a unique opportunity to apply their knowledge and skills in a real-world setting while making a positive impact on their community. By working together to revive an old caravan, students will gain valuable experience, foster creativity, develop essential life skills as well as the sub-trades involved. This project will leave a lasting legacy for future students and serve as a testament to the power of collaboration and hands-on learning.

CARAVAN RESTORATION / LEVEL 2-3

Course delivery: This is a 3-day course held at Tarawera High School in Kawerau.

UNIT STD	CARAVAN RESTORATION	LEVEL	CREDITS
AS91253	Complete a developed media product from a design and plan using a range of conventions		6
US16142	Describe the practices associated with a powhiri		2
US26971	Describe factors that contribute to mental health and wellbeing and mental health challenges		3
US25536	Operate a bandsaw to produce furniture components		3
US18915	Use fixing hardware in furniture making		3
US14996	Construct working drawings for use in furniture making		2
US16230	Demonstrate knowledge of the use of adhesives in furniture making		2
US17594	Demonstrate knowledge of hearing conversation in the workplace		3
US18408	Demonstrate knowledge of fire and emergency warden duties in the workplace		3
US 19522	Undertake job safety analysis		3
US30265	Apply Health and safety risk assessment to a job role		8
US17586	Demonstrate knowledge of electrical safety in the workplace		4
US23229	Use safety harness system when working at height		4
US17600	Explain safe work practices for working at heights		3
TOTAL CREDIT VALUE		2-3	49

**Students from other schools can apply to this course, but student numbers are limited.*

COURSES PATHWAY TO FURTHER STUDY IN:

Any level 3 course at school or within the Futures Academy. Beyond school it could lead to a Trades apprenticeship in a range of industries.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Trade Industries: construction, carpenter, fabrication, welding, design.

Te Wānanga o Aotearoa can create bespoke, culturally rich, hands-on courses to meet the needs and interests of a group of 10 + students from one school or kura. Courses on offer are at level 2 and can be delivered at a school site or at a local marae, over a 30-week period through a:

- noho style delivery format, over 4-5 intensive days offered over 4 weeks across the school year, or
- if desired, a one day a week, for 30 weeks, course delivery format.

**These courses are scheduled directly with the schools. Contact the Wānanga to discuss what course could be put together for a cohort of your school's students.

BUILDING AND CONSTRUCTION

BUILDING AND CONSTRUCTION, COHORT / LEVEL 2

The building industry provides great employment and career opportunities, and this hands-on programme will give you all the skills you need to tackle construction projects effectively. You'll also learn about the latest health and safety processes, how to work as part of a team, and how to use and maintain hand and portable power tools.

Course delivery: 30 weeks; school site or at a local marae

Locations: Whakatāne, Kawerau, Murupara, Tokoroa, and other Bay of Plenty schools / Kura Kaupapa Māori (subject to sufficient applications)

UNIT STD	BUILDING AND CONSTRUCTION : 200 HOURS	LEVEL	CREDITS
12927	Identify, select, maintain, and use hand tools for BCATS projects		6
24350	Identify, select, maintain, and use portable power tools for BCATS projects		6
24354	Demonstrate knowledge and apply safe working practices in BCATS workplace		4
24357	Receive instructions and communicate information in relation to BCATS projects		4
TOTAL CREDIT VALUE		2	20

UNIT STD	BUILDING AND CONSTRUCTION : 230 HOURS	LEVEL	CREDITS
12936	Construct a non-consent timber framed utility building as a BCATS project		8
24358	Plan and monitor the construction of a BCATS project, and quality check the product		3
24360	Demonstrate knowledge of timber and other construction materials used in BCATS projects		5
24361	Apply mathematical processes to BCATS projects		3
31511	Demonstrate knowledge of BCATS industries		4
TOTAL CREDIT VALUE		2	23

COURSES PATHWAY TO FURTHER STUDY IN:

NZ Certificate in Construction Trade Skills (Carpentry) Level 3, BCITO Apprenticeship, Level 4

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Building, Concreting and Bricklaying, Construction Sites, Exterior Joinery and Stairs, Joinery, Paving and Landscaping, Painting and Decorating, Roofing

CIVIL INFRASTRUCTURE

INTRODUCTION TO CIVIL INFRASTRUCTURE WORKS / LEVEL 2

The Introduction to Civil Infrastructure Works (Level 2) course provides foundational knowledge and basic skills for individuals interested in civil infrastructure. Participants will gain essential insights into safe working practices, machinery use and maintenance, temporary traffic management control, driving and licensing requirements, and quality checking of civil construction sites.

Upon completion of this course, students will be equipped with the necessary skills to contribute effectively to civil construction projects and develop a solid understanding of the New Zealand infrastructure works industry.

Delivery: Either block/noho delivery or 1-2 days per week (to be negotiated with each school cohort)

Locations: Whakatāne, Kawerau, Murupara, Tokoroa, and other Bay of Plenty schools / Kura Kaupapa Māori (subject to sufficient applications)

UNIT STD	CIVIL INFRASTRUCTURE	LEVEL	CREDITS
20868	Demonstrate knowledge of emergency situations, procedures, and responses on an infrastructure worksite		4
22283	Demonstrate knowledge of the New Zealand infrastructure works industry		3
22285	Demonstrate knowledge of the New Zealand infrastructure works industry		8
26720	Describe health, safety, and environmental care at an infrastructure worksite		3
6475	Describe and complete work records for an infrastructure worksite		2
6477	Demonstrate knowledge of aggregates and mixes used on an infrastructure worksite		3
TOTAL CREDIT VALUE		2	22

COURSES PATHWAY TO FURTHER STUDY IN:

Infrastructure Works Level 3, Plant Operations Level 3, Bitumen Surfacing Construction Level 4, Civil Level 4, Single Site Supervision Level 4, Surveying Level 4, Civil Engineering Level 4 and Level 5.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Roading, Construction Worker, Foreman, Civil Engineer, trades worker.

TOI WHAKAIRO / CREATIVE INDUSTRIES

WHAKAIRO CREATIVE / LEVEL 2

An introduction to Toi Whakairo, where Taura will apply an understanding of the design elements and drawing techniques required to develop and create their own toi whakairo.

Delivery: Either block/noho delivery or 1-2 days per week (to be negotiated with each school cohort)

Locations: Whakatāne, Kawerau, Murupara, Tokoroa, and other Bay of Plenty schools / Kura Kaupapa Māori (subject to sufficient applications)

UNIT STD	WHAKAIRO CREATIVE	LEVEL	CREDITS
2580	Explain design elements used to generate Toi Māori design,		4
2594	Employ drawing techniques to create Māori art		4
23010	Generate, develop and refine visual ideas in whakairo		6
23013	Create whakairo, Level 3		6
TOTAL CREDIT VALUE		2	20

COURSES PATHWAY TO FURTHER STUDY IN:

Toi Maruata - Certificate in Māori & Indigenous Art - Carving Level 3, Kāwai Raupapa - Certificate in Māori & Indigenous Art - Carving Level 4, Toi Paematua - Diploma in Māori & Indigenous Art - Carving Level 5, Maunga Kura Toi - Bachelor of Māori Art - Carving Level 7.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Practicing artist, work in community arts or support whānau, iwi and marae projects. Gallery and exhibition work - exhibition design, curatorial work, front of house. Teaching and arts facilitation. Community-based practitioner - work with whānau, hapū, iwi and hāpori.

SUE MORTON

mortons@trident.school.nz
027 227 8507

TRIDENT HIGH SCHOOL

As the Lead Provider of the Futures Academy, Trident High School is working directly with industry partners to pilot and offer work-based training options for students to grow their trades knowledge and skills, and strengthen their pathways into employment.

ALLIED TRADES TRAINING

ALLIED TRADES TRAINING (ATT) / LEVEL 2

This course is offered in partnership between BoP House Removals, Galloway Builders, the local Master Builders Association, Te Runanga O Ngati Awa, Trident High School and the Futures Academy.

Students who enrol in Allied Trades Training will learn various skills from different trades through renovating a house (e.g. Plumbing, Electrical, Painting, Flooring, Kitchen design, working at heights, etc). The course tutor (a master builder) and various trades experts will be sharing their knowledge to guide students while creating a building using today's new technology while making it as sustainable as possible.

Students will end the course with having related work experience and skills that could lead into employment in the Allied Trade sector.

Te Runanga O Ngati Awa to provide students with the opportunity to learn Ngāti Awatanga, about local employment and work experience opportunities, and go on local business and innovation visits.

Delivery: 5 days a week for Trident High School students and 3 days a week for local area students, in WHK.

TRIDENT HIGH SCHOOL

HEALTH / HAUORA

HEALTH / HAUORA ACADEMY / LEVEL 2

The Health Academy is a work based training course where, 16+ year old students, who are interested in leaving school for employment, can apply to train at a local health or social service provider, 3-5 days a week, for the year, to learn relevant health and social service sector skills, and earn NCEA Level 2 credits to pass their year.

Term 1, students will meet with the tutor to learn foundation health and wellbeing theory and skills, as well as visit local service providers to gain a broad understanding of the Health / Hauora care industry.

At the end of term 1, students will apply for consideration for work based training at local social or health service sites (for terms 2 and 3). They will be interviewed by the site, and if chosen will be on-boarded like any new "employee", provided a supervisor for 1:1 on the job support, and be placed within a team to shadow, assist and learn health and wellbeing support skills at the service.

During the two terms of Work Based Training, students and the tutor will meet regularly to review the students learning diary, discuss their growing awareness of client care, answer questions, and ensure students sufficient progress.

Delivery: full year February to the end of October, 5 days a week for Trident High School students, 3 days a week for Area School students, in WHK.

* A similar course is available in ROT through a partnership with Rotorua Girls' High School.

5 DAYS A WEEK : PROGRAMME FOR TRIDENT HIGH SCHOOL STUDENTS

UNIT STD	ALLIED TRADES TRAINING AND WORK EXPERIENCE	LEVEL	CREDITS
	Client Care and Self Care		
23451	Demonstrate knowledge of the role of a support worker in a health or wellbeing setting		5

PATCHELL INDUSTRIES LTD

IN PARTNERSHIP WITH TRIDENT HIGH SCHOOL

TRANSPORT ENGINEERING – FABRICATION / LEVEL 2-3

This work-based training opportunity takes place at Patchell Industries Limited in Rotorua. Students will partake in a journey of real work experiences in a full-sized workshop using tools that support the transportation, logistics and primary industries sectors.

Patchell Industries offer students a “real” employment experience while gaining NCEA credits. Students will go through a full recruitment and onboarding process, starting with applying for the position, followed by a selection interview. Successful applicants will finish with pre-employment drug tests, followed up by a health and safety induction.

Once students have completed their induction, students will be assigned to a supervisor and team, receive instruction and training. They will then be assigned Job Cards to be accountable for their time and task completion, followed by timesheets. This provides an audit trail for their work-based training. This practical learning experience will give them full awareness of how their new skills are applied to a manufactured product (Heavy Road Transport Trailer).

Course delivery: terms 1-3, 1 day per week, at Patchell Engineering in ROT.

A second day of work-based training can be negotiated as a Gateway Work Experience with the school and Patchell Engineering.

TRIDENT HIGH SCHOOL

CREATIVE INDUSTRIES

WORKING AS A CREATIVE / LEVEL 2

In this course, students will learn design, entrepreneurial, and business skills that will help them to work in the creative sector. Students will visit and learn from local artists, retail establishments, and industry, participate in work experience, and have the opportunity to sell their wares at local markets, as well as earn NCEA credits.

The course will include:

- Learning from visiting artists, working creatives, alumni, and through visits to Te Puia, local or national artists, creative industries and festivals
- Work experience
- The opportunity to share, sell, their designs or wares at a market each term.
- The creation of a portfolio of work, and a CV, that can be used by the students to assist them towards their next steps working as a creative
- The course may also include work readiness skills (like drivers licence practice / attainment, practical literacy numeracy practice, communication skills, etc)

Delivery: full year February to the end of October, 5 days a week for Trident High School students, 3 days a week for Area School students, in WHK.

CONSTRUCTION

TE KAKAU O TE TOKI / CONSTRUCTION ACADEMY

The Level 3 BCITO course is a hands-on program that spans over 30 weeks, with 3 full days of onsite training each week, accompanied by work placements. There are at least 60 credits on offer throughout this course, 40 through the BCITO standards and the rest through a range of other standards including, employment skills, communication in the workplace, health and safety, working at heights.

The course is tailored to cater to the specific needs of our local students, focusing on building skills, hand and power tools use and maintenance, health and safety, and communication skills. Additionally, the course includes collaboration with Ngati-Awatanga, ensuring cultural inclusivity and diversity within the learning environment. Students will have the opportunity to gain practical experience and industry knowledge, preparing them for a successful career in the building and construction sector.

Delivery: Full year, 5 days a week for Whakatāne High School students, and 3 days a week for area school students, in WHK.

WOOD WISE LTD
WOOD INDUSTRY SKILLS EDUCATION

** Please contact the mill site where your student wishes to be considered as a work based training trainee, to set up an interview and to send their application*

In partnership with area Saw Mills.

TIMBER TRADES

TIMBER TRADES TRAINING / LEVEL 2

This course will be based at local timber mills across the Bay of Plenty through a partnership between the mills and the Woodwise private training provider. Wood Wise is a high quality, specialty provider which produces graduates who are valued by employers and who contribute positively to the solid wood industry.

Students, who are 16 years or older, can apply for placement for this 2 day a week training program at a timber mill nearby. Through this work-based training, students will learn about timber grading, or pole, post and pile manufacturing and see and experience the various operations that make up timber manufacturing and earn credits towards the NZ Certificate in Solid Wood Manufacturing.

Student applicants will be treated like trainee employee's at the mill sites, and as such will be interviewed before being accepted into the training program (up to 2 trainees per site).

Students will be supervised and supported by mill staff to learn about the various facets of the timber business that they find fascinating and could lead into further apprenticeships or employment.

A third day of work-based training can be negotiated with the sawmill and school, as Gateway work experience, if desired. Some students may also be offered paid work.

Course delivery: Full year, 2 days a week; at sawmills in Kawerau, Rotorua, Katikati and Te Puke.

UNIT STD	SOLID WOOD MANUFACTURING - TIMBER GRADING	LEVEL	CREDITS
22970	Demonstrate employment and interrelationship foundation skills in a wood manufacturing operation		10
22973	Demonstrate knowledge of factors that affect the performance of workers in a wood manufacturing operation		10
22977	Demonstrate knowledge of workplace risks in a wood manufacturing operation		5
736	Demonstrate knowledge of physical characteristics of wood		5
27074	Demonstrate Knowledge of Timber grading		5
22969	Take and record measurements and make calculations in wood manufacturing		3
17971	Demonstrate knowledge of the solid wood manufacturing industry		5
729	Measure moisture content of wood products		5
	& 10 credits from the following		
20751	Operate a cross cut saw centre, L3		5
8005	Stack timber in packets using mechanical timber stacking system		5
24607	Wrap wood products manually		3
164	Tally timber		3
165	Handle, sort, and stack timber		3
20754	Demonstrate knowledge of mechanical stress grading timber		5
156	Demonstrate knowledge of phytosanitary standards in the wood manufacturing industry		3
TOTAL CREDIT VALUE		2-3	58

* Please contact the mill site where your student wishes to be considered as a work based training trainee, to set up an interview and to send their application

DESIGN YOUR FUTURE WITH YOOBEE

AT YOOBEE WE CREATE CREATIVES, & THIS STARTS AT HIGH SCHOOL

Our courses are specifically designed for high school students, and as an NZQA Category 1 provider, we know the value of discovering creative technology early. Rapid changes in the technology, art and communication industries are increasing the need for high quality, innovative designers. With that in mind, our programmes combine a range of skills, techniques, software and practical learning.

These courses are perfect for students who desire higher-level learning and will make the most of this exclusive opportunity.

DIGITAL BUSINESS

An understanding of digital marketing and its implementation are essential for students who are interested in a career in business. Learners will complete this programme with the foundation skills required to research a target market, develop content for that audience and set up a basic e-commerce website. The programme introduces digital and marketing skills that prepare learners for further study, such as the Yoobee Diploma of Creative Marketing and Bachelor of Digital Innovation.

Course delivery: 30 weeks, 1 day a week (Monday), terms 1-3, in Tauranga.

UNIT STD	DIGITAL BUSINESS	LEVEL	CREDITS
29790	Apply digital tools to create and monitor a project plan		3
29793	Investigate, plan, design and create digital outcome solutions to meet the requirements of a specified brief		5
29791	Capture and prepare digital media for integration into other applications		2
29796	Collaborate effectively with others in a digital environment		7
29789	Use a presentation application to produce an interactive multimedia presentation		3
TOTAL CREDIT VALUE		3	20

GAME DEVELOPMENT

Bringing Character Design, 2D Animation and Game Development together to create a whopper of a program to give you a real taste of the Game Development industry. Alongside creating your characters, you will bring your characters to life by combining audio and visual to create motion graphics using Adobe After Effects, Illustrator and Photoshop.

Learn how to plan, prepare and develop 2D animation like a boss. You'll learn idea development techniques, create mood boards and a storyboard. You will create animation assets and finish up by rendering your animation to a video file that can be used in film and games. Understand game structure and interface design to build an educational game using the Unity real-time development platform.

This course includes an introduction to professional game design and development. Learning coding fundamentals using C-language, developing a programme to control gameplay and interaction. You'll generate draft design concepts, create a game design mood board, then develop your code in the Unity game engine.

Course delivery: 30 weeks, 2 days a week (Tuesday and Wednesday), terms 1-3, in Tauranga.

YOOBEE

**COLLEGE
OF CREATIVE
INNOVATION**

FILM & CONTENT CREATION

From scripting and storyboarding to post-production and editing, discover the essentials of inspirational filmmaking. Bring your ideas to fruition with this exciting and fun film-making course. Covering everything from storyboarding your first script to camera operating, and post-production special effects using cutting-edge platforms like Premiere Pro and After Effects, this course lets you carry your vision to the world. What will you learn? Learn Ideation and Script writing—picking up the basics of what makes a story right for film, and interesting for audiences. Translate your script into a production schedule, learning how to storyboard and prepare for a shoot. You will also learn some basic camera techniques and effective image composition, then shoot footage and capture sound for your short film. Editing: Cut your footage to tell a story using Adobe Premiere Pro, refining your edit to bring out the most visually telling story. Add colour grading and discover some advanced editing techniques. Sound, Motion and SFX, using Adobe After Effects, you will be introduced to creating animated titles and visual effects, then use Adobe Audition to refine and enhance the sound of your short film.

Course delivery: 30 weeks, 1 day a week (Thursday), terms 1-3, in Tauranga

DIGITAL ILLUSTRATION AND CHARACTER DESIGN

Combine your visual design skills with storytelling to create your own character design. You'll learn how to use Adobe Photoshop like a pro 2D artist using Wacom tablets provided for in-class use. This programme covers the fundamentals of character design, including dynamic sketching techniques and effective use of colour and light. You'll develop a character profile and story, plan your illustration project and apply techniques for finishing a digital illustration to a high standard. Bring your animation to life by combining audio and visual to create motion graphics using Adobe After Effects, Illustrator and Photoshop. Learn how to plan, prepare and develop 2D animation like a boss. You'll learn idea development techniques, create moodboards and a storyboard. You'll create animation assets using the paint tools in Photoshop and scalable vector graphics using Adobe Illustrator. In After Effects, you'll learn how to create keyframe animation and use motion paths, easing and parenting tools to open up a range of animation styles and possibilities. You'll finish up by rendering your animation to a video file that can be used in film and games.

Course delivery: 30 weeks, 1 day a week (Friday), terms 1-3, in Tauranga.

UNIT STD	DIGITAL ILLUSTRATION AND CHARACTER DESIGN	LEVEL	CREDITS
29790	Apply digital tools to create and monitor a project plan		3
29793	Investigate, plan, design and create digital outcome solutions to meet the requirements of a specified brief		5
29791	Capture and prepare digital media for integration into other applications		2
29796	Collaborate effectively with others in a digital environment		7
TOTAL CREDIT VALUE		3	17

COURSES PATHWAY TO FURTHER STUDY IN:

Certificate in Creative Media, Level 4 Diploma in Web and Graphic Design Level 5 Diploma in Creative Marketing Level 5 Bachelor in Digital Innovation, Bachelor in Animation, Bachelor in Software Engineering

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

App. Developer, Database Administrator, Graphic Designer, IT Developer, Illustrator, Marketing and Promotion, Network Technician, Photographer, Service Desk Administrator, Social Media Manager, Printmaker, Web Content Manager.

TOI-OHOMAI

Institute of Technology

At Toi Ohomai we truly believe that your success is key to the success of our whole region. That's why we're here - to help make your dreams a reality.

With courses specialties in construction, engineering, primary industries, hospitality, tourism, and creative arts, and more, there's something for everyone.

Toi Ohomai Courses pathway learners to further trades training options, including:

- Certificates, Levels 1-3
- NZ Certificates, Levels 3-4 Diploma's Levels 5-7
- Apprenticeships in Construction and Automotive
- Further university studies – such as bachelor's degrees in business, computer science

CONSTRUCTION & INFRASTRUCTURE

Would you like to work in the construction industry? The construction industry is booming and in need of qualified builders. Get a head start by gaining the right skills and knowledge you need to succeed. This pathway prepares you to enter the construction workforce in a range of areas, including as an apprentice.

CONSTRUCTION / LEVEL 2

Students will enjoy this hands-on course where they will start working on concrete works and building their first project.

Course delivery: Terms 1-3, 1 day per week, ROT, TPO, TGA, TOK, WHK if sufficient applications.

UNIT STD	CONSTRUCTION - LEVEL 2	LEVEL	CREDITS
	Building Construction 1		
12932	Garden Furniture		8
12927	Demonstrate knowledge of, select, maintain, and use hand tools for BCATS projects		6
	Building Construction 2		
12936	Construct a non-consent timber framed utility building as a BCATS project		8
24350	Identify, select, maintain, and use portable power tools for BCATS projects		6
24358	Plan and monitor the construction of a BCATS project, and quality check the product		3
22607	Read and interpret plans, working drawings and specifications for BCATS projects		3
	OR Building Construction3		
31812	Complete a BCATS project		6
24350	Identify, select, maintain, and use portable power tools for BCATS projects		6
24358	Plan and monitor the construction of a BCATS project, and quality check the product		3
22607	Read and interpret plans, working drawings and specifications for BCATS projects		3
	TOTAL CREDIT VALUE	2	28

CARPENTRY AND JOINERY / LEVEL 3

This comprehensive course while still being at school will give you a great start and teach you a variety of industry valued skills making you a valuable candidate to pathway into the NZC in Construction or for a construction apprenticeship. You'll enjoy work on a range of exciting projects.

Course delivery: Terms 1-3, 2 days per week, ROT, TPO, TGA, TOK, WHK if sufficient applications.

UNIT STD	CARPENTRY AND JOINERY - LEVEL 3	LEVEL	CREDITS
29684	Undertake a Stage 3 BCATS project		12
29682	Select, use, and maintain tools, equipment and machinery for a Stage 3 BCATS project		4
29681	Measure and calculate for a Stage 3 BCATS project		3
29678	Demonstrate knowledge of, select, and use materials for a Stage 3 BCATS project		4
29677	Follow safe workplace practices, and contribute to a health and safety culture, in a BCATS environment		2
29680	Communicate and work collaboratively in a Stage 3 BCATS project		5
TOTAL CREDIT VALUE		3	30

COURSES PATHWAY TO FURTHER STUDY IN:

NZ Certificate in Construction Trade Skills (Level 3) NZ Certificate in Carpentry (Level 4), NZ Diploma in Construction (Construction Management) (Level 6) NZ Diploma in Construction (Quantity Surveying) (Level 6).

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Apprentice within the Construction Industry, Qualified Carpenter, Supervisory and Management roles within the Construction Industry.

TOI-OHOMAI

Institute of Technology

MANUFACTURING & TECHNOLOGY

Are you... practical, inventive, logical, a problem solver, analytical, hands-on, tech savvy, detailed? There's an amazing mix of jobs across this sector to suit everyone.

You might be fabricating, installing, fixing or maintaining systems, or performing tasks that involve lots of thinking, planning and calculations. Some roles are highly creative; others are methodical, detailed and precise. You'll be working with tools, machinery or computers to produce one-off or mass-produced products.

AUTOMOTIVE PATHWAY

The automotive industry is in need of skilled workers. Get the training and experience you need.

Your automotive pathway starts here with a hands-on vehicle strip, then either build a go kart or automotive based learning. Finally begin your NZ Cert apprenticeship while still at school.

BUILD A GO KART / LEVEL 2

This is designed for people with a little knowledge of metal work as you build a complete petrol powered go kart from the ground up learning new skills and the ability to purchase the finished go kart.

Course delivery: terms 1-3, 1 day per week, ROT, TGA.

UNIT STD	BUILD A GO KART	LEVEL	CREDITS
29580	Demonstrate good work habits and safe work practices in the automotive industry		4
21671	Carry out general engineering tasks in the motor industry		4
21685	Use an oxy-acetylene welding plant in the motor industry		3
2678	Join steel using the oxyacetylene welding process		3
21859	Select and use hand tools and workshop equipment for an automotive application		2
2387	Assemble mechanical components under supervision		2
30475	Demonstrate knowledge of motor industry engineering tasks		2
30476	Demonstrate knowledge of tools and equipment used in the motor industry		2
21715	Select and use fastening systems in the motor industry		3
TOTAL CREDIT VALUE		2-3	25

A TASTE OF AUTOMOTIVE ENGINEERING / LEVEL 2

This is where you start to learn the basics of the Automotive industry with hands on tasks and understanding of automotive systems and process. The perfect start to a career in the Automotive industry.

Changing USD's, tbc.

Course delivery: terms 1-3, 1 day per week, ROT, TPO, TGA, TOK, WHK if sufficient numbers.

UNIT STD	AUTOMOTIVE ENGINEERING	LEVEL	CREDITS
30476	Demonstrate knowledge of tools and equipment used in the motor industry		2
21716	Select and apply lubricants and sealants for automotive and related industry applications		3
21869	Remove and replace road wheels on a vehicle		1
21722	Balance wheels of a vehicle in the motor industry		2
30477	Demonstrate knowledge of petrol and diesel engines		4
21691	Disassemble and reassemble a single cylinder or multi-cylinder four stroke engine under supervision		2
30478	Demonstrate knowledge of automotive lubricants		2
21690	Perform general servicing checks on a motor vehicle		3
21718	Demonstrate knowledge of hazardous materials used in the motor industry		2
29579	Demonstrate knowledge of good work habits and safe work practices in the automotive industry		4
TOTAL CREDIT VALUE		2-3	25

AUTOMOTIVE ENGINEERING / LEVEL 3

You'll get plenty of hands-on practice during this practical automotive course. Starting with the basics, you'll develop a full range of skills to service and repair all makes and models. We'll show you how to disassemble, measure and reassemble an engine. You'll also service engine transmission and driveline systems, and brake, steering and suspension systems. Ideally you would have already done STP1 or STP2 before starting this course.

Course delivery: terms 1-3, 2 days per week, ROT, TPO, TGA, TOK, WHK if sufficient numbers.

UNIT STD	NZC AUTOMOTIVE ENGINEERING	LEVEL	CREDITS
	Automotive Workshop Safety		6
3856	Identify emergency procedures in the motor and related industries		2
29580	Demonstrate good work habits and safe work practices in the automotive industry		4
	Basic Workshop Engineering Tasks, Tools and Equipment		9
21684	Use a MIG welding plant in the motor industry		3
21685	Use an oxy-acetylene welding plant in the motor industry		3
30570	Demonstrate knowledge of welding in the motor industry		3
	Engines		3
24275	Disassemble, inspect, and reassemble an engine short block under general supervision		3
	Engine Systems		12
30478	Demonstrate knowledge of automotive lubricants		2
30479	Service an automotive cooling system		3
30480	Demonstrate knowledge of automotive cooling systems and engine coolant		2
30436	Demonstrate knowledge of an electronic fuel injection (EFI) system		2
30434	Service a vehicle or machine		3
	Driveline systems		7
24689	Carry out routine maintenance on automotive automatic transmissions		4
30516	Replace driveline components		3
	TOTAL CREDIT VALUE	2-3	37

COURSES PATHWAY TO FURTHER STUDY IN:

NZ Certificate in Automotive Engineering (Level 3) - Managed Apprentices
NZ Certificate in Automotive Electrical Engineering (Level 4)

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Automotive Apprenticeship, Automotive Sales, Automotive Servicing, Brake Servicing, Panel Beaters, Tyre Servicing, Warrant of Fitness Testing

MECHANICAL ENGINEERING

Want to join the diverse and growing engineering industry but not sure which path to take? This is a great pathway to get a taste of the growing Engineering field.

ENGINEERING / LEVEL 2

This comprehensive one-year course while still being at school will give you a great start and teach you a variety of industry valued skills making you a valuable candidate to pathway into the NZC in Engineering L3 or gain employment in the engineering industry.

Course delivery: terms 1-3, 1 day per week, ROT, TGA.

UNIT STD	MECHANICAL ENGINEERING	LEVEL	CREDITS
	Mechanical Engineering Core Skills		13
21911	Demonstrate knowledge of safety on engineering worksites		2
21912	Apply safe working practices on an engineering worksite		2
4433	Select, use, and care for simple measuring devices used in engineering		2
2395	Demonstrate and apply knowledge of the selection, use, and care of engineering hand tools		4
4436	Select, use, and care for engineering marking-out equipment		3
	Mechanical Engineering Workshop Skills		12
14866	Demonstrate workshop skills for mechanical engineering		12
	TOTAL CREDIT VALUE	2	25

COURSES PATHWAY TO FURTHER STUDY IN:

NZ Certificate in Mechanical Engineering (Level 3), NZ Certificate in Mechanical Engineering (Trade) (Level 4) NZ Certificate in Engineering Fabrication (Level 4), NZ Diploma in Engineering (Level 6) Civil Engineering; Electrical Engineering; Mechanical Engineering.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Manual and CNC Machining of multiple material types in a manufacturing workshop. Fabrication and welding of steel and stainless-steel components in structural steel building and construction, transport, automotive, marine and dairy industries. Fabrication and welding of Aluminium products in the boat building and transport industry's, Plant maintainer/ service technician in the food processing, pulp and paper, power generation, Dairy and forestry sectors.

PRIMARY INDUSTRIES

If you like the outdoors and want to apply your skills in a high-tech sector, the primary industries are for you. You may end up on a farm, in a forest, in a nursery or orchard, in a production plant, or on the sea. Your workload and tasks may change with the seasons. There are plenty of scientific career paths too as New Zealand's primary sector strives to be innovative and environmentally sustainable to compete in the global marketplace.

FARMING

Farm work is great for those that enjoy the outdoors and mucking in. It provides a lifestyle where each day is different and you can wear multiple hats from shepherd, vet, plumber, builder, electrician and machine operator.

The skills you'll gain in this course are transferable and can be applied to many other industries. They're also skills that farm employers need. Once or twice a week enjoy hands on, practical learning during class trips to various types of farms where your tutor will show you the ropes. Learn in a supportive environment and become part of NZ's booming agriculture industry.

**Schools should be prepared for sudden change requests in delivery days due to weather conditions*

FARMING & AGRICULTURE / LEVEL 2

Course delivery: terms 1-3, 1 day per week, ROT, TPO, TGA, TOK, WHK if sufficient numbers.

UNIT STD	FARMING & AGRICULTURE	LEVEL	CREDITS
	Livestock Handling		
19114	Assist with handling and treatment of livestock		6
19116	Demonstrate knowledge of livestock behaviour and welfare in a primary industry operation		3
	Staying Safe in Primary Industries		
31656	Demonstrate knowledge of safe work practices in a primary industry operation V1 L2 10CR		10
	General Skills for Primary Industry		
24834	Replace a broken post and repair a broken wire in fences		5
24540	Maintain and use a petrol-powered brush cutter		2
24555	Demonstrate knowledge of the safe operation of motorcycle		3
TOTAL CREDIT VALUE		2	29

**Not possible to offer in all locations, so courses will be offered in locations with largest of enrolments.*

FARMING & AGRICULTURE / LEVEL 3

Course delivery: terms 1-3, 2 days per week, ROT, TPO, TGA, TOK, WHK if sufficient numbers.

UNIT STD	FARMING & AGRICULTURE	LEVEL	CREDITS
19115	Handle and move livestock		6
32009	Assist with the prevention, diagnosis and treatment of livestock health problems		16
29297	Operate and maintain a chainsaw in a land-based context		8
581	Dock and treat lambs		5
TOTAL CREDIT VALUE		3	36

* Not possible to offer in all locations, so courses will be offered in locations with largest of enrolments.

COURSES PATHWAY TO FURTHER STUDY IN:

NZ Certificate in Primary Industry Operational Skills (Level 3), NZ Certificate in Agriculture (Farming Systems) (Level 3), NZ Diploma in Primary Industry Business Management (Level 5).

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Farm Assistant, Shepherd, Milk Harvester, Livestock Manager, Farming.

PEST OPERATIONS / LEVEL 3

With New Zealand gearing up to become predator-free by 2050, landowners are facing a massive shortage of trained pest control operators. If you're looking for a career in pest control, this course will gear you up with the base skills and tools to get you started. You'll learn trapping and poisoning techniques for controlling possums, rats, rabbits, stoats and ferrets – some of our most destructive animal pests, as well as methods for controlling pest plants.

Course delivery: terms 1-3, 1 day per week, ROT.

UNIT STD	NZC PEST OPERATIONS	LEVEL	CREDITS
Work Practices			
6400	Manage first aid in an emergency situation		2
6401	Provide first aid		1
6402	Provide basic life support		2
Pest control / Motorcycles			
24555	Demonstrate knowledge of the safe operation of a motorcycle		3
19053	Operate a motorcycle on flat terrain in the workplace under close supervision		3
19054	Operate a motorcycle on rolling terrain under limited supervision		3
19055	Operate a motorcycle with mounted equipment or a load under limited supervision		3
TOTAL CREDIT VALUE		1-3	16

WOOD MANUFACTURING

If you enjoy working with wood, here's your chance to jump-start your career in wood manufacturing. Our Waipā Campus is the only dedicated training facility in the country operating a working sawmill and wood manufacturing plant. Training and classes take place on-site as part of our busy operations. This is a technical trade with a strong future - perfect for you if you're a practical person who likes to be hands-on, and with New Zealand's plantation forests expected to grow in value, job opportunities are strong.

WOOD MANUFACTURING / LEVEL 2

Course delivery: terms 1-3, 1 day per week, in ROT.

UNIT STD	WOOD MANUFACTURING	LEVEL	CREDITS
	Introduction to Wood Manufacturing		10
159	Demonstrate knowledge of environmental issues in wood manufacturing industries		5
22977	Demonstrate knowledge of workplace risks in a wood manufacturing operation		5
	Wood Product Manufacturing		10
17964	Demonstrate knowledge of the wood product manufacturing industry		5
22978	Demonstrate knowledge of wood product quality		5
TOTAL CREDIT VALUE		2	20

FORESTRY

If you are looking for a career where the bush is your office then Forestry is for you. Forestry level 2 can give you the skills to step into a career with wide ranging opportunities from Machine Operating to Engineering and Forestry Science

FORESTRY / LEVEL 2

Course delivery: Terms 1-3, 1 day per week, in ROT

UNIT STD	FORESTRY	LEVEL	CREDITS
29297	Operate and maintain a chainsaw in a land-based context		8
22854	Apply innovative thinking within a business context		2
31656	Demonstrate knowledge of safe work practices in a primary industry operation		10
TOTAL CREDIT VALUE		2	20

COURSES PATHWAY TO FURTHER STUDY IN:

NZ Certificate in Solid Wood Manufacturing (Level 3) Saw Doctoring; Timber Machining
 NZ Certificate in Solid Wood Manufacturing (Level 4) Laminating. NZ Certificate in
 Forest Harvesting Operations (Level 3) Manual Processing and Quality Control NZ
 Certificate in Forest Harvesting Operations (Level 3) Woodsman Programme –
 Strands in Quality Control or Basic Machine Operation.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Forestry Operations, Machine Repairs, Wood Manufacturing Operator,
 Sawdoctor.

SERVICE INDUSTRIES

Working in the service sector is all about enhancing and improving the lives of others as well as helping businesses to operate effectively. Tasks within service industries usually require teamwork, communication and attention to detail. These skills are easily transferable, giving you the flexibility to adapt and challenge yourself in new roles throughout your career. Whichever path you choose, you'll get lots of variety working in this sector and the opportunities to meet different people every day.

HOSPITALITY, CULINARY OPERATIONS & TOURISM

Does the idea of perfectly cooked scotch fillet or freshly baked pastry have your mouth watering? Perhaps, making a great cup of coffee or taking care of a large table of people sounds like a bit of fun to you? With this service industry pathway, you'll learn by doing and gain practical hands-on skills working in our professional training cafes, restaurants and commercial kitchens. Gain knowledge from award winning and globally experienced tutors and benefit from their strong relationships with the industry.

HOSPITALITY / LEVEL 2

Learn how to make a perfect flat white in small, fun classes before starting your career in the hospitality industry. You'll learn the origins of coffee from bean to cup, customer service and serve guests at real-life campus events.

Course delivery: Terms 1-3, 1 day per week, ROT, TGA.

UNIT STD	ESSENTIAL SKILLS FOR THE HOSPITALITY INDUSTRY	LEVEL	CREDITS
62	Maintain personal presentation and a positive attitude in a workplace involving customer contact		3
9677	Communicate in a team which has an objective		3
57	Provide customer service		2
17285	Demonstrate knowledge of commercial espresso coffee equipment and prepare espresso beverages under supervision		4
13272	Cook food items by baking		2
13281	Prepare and present basic sandwiches for service		2
13283	Prepare and present salads for service		2
21059	Demonstrate knowledge of knife care, use, storage, and carrying, for the hospitality industry		2
TOTAL CREDIT VALUE		2	20

COOKERY & CULINARY ARTS / LEVEL 3

Learn how to plan, prepare and present hot, cold, savoury and sweet dishes in our commercial kitchens. You'll get loads of hands-on experience practicing your skills in real-life student cafés and restaurants on campus.

Course delivery: Terms 1-3, 2 days per week, ROT, TGA.

UNIT STD	COOKERY & CULINARY ARTS	LEVEL	CREDITS
13310	Prepare and produce basic hot and cold dessert items in a commercial kitchen		5
13316	Prepare and cook basic pasta dishes in a commercial kitchen		3
13322	Prepare and cook basic pastry dishes in a commercial kitchen		4
28106	Demonstrate knowledge of preparing for a culinary arts and restaurant service competition		5
28107	Prepare, produce and present a product or service for a culinary arts or restaurant service competition		5
30818	Prepare dishes using basic methods of Asian cookery in a commercial kitchen		10
TOTAL CREDIT VALUE		3	32

HOSPITALITY, CAFÉ SERVICE & BARISTA / LEVEL 3

Course delivery: Terms 1-3, 1 day per week, ROT, TGA.

UNIT STD	CAFÉ SERVICE & BARISTA	LEVEL	CREDITS
14441	Provide café counter service in a hospitality establishment		5
27940	Provide café table service in a hospitality establishment		5
17284	Demonstrate knowledge of coffee origin and production		3
17288	Prepare and present espresso beverages for service		5
9681	Contribute within a team or group which has an objective		3
TOTAL CREDIT VALUE		3	21

TOURISM / LEVEL 3

Are you looking for a career with huge potential, in a stimulating and dynamic field? Tourism and travel operators want the right people, with the right skills, to assist clients and visitors achieve a unique holiday experience, and to support the regional development that is required. Swinging from a zipline or regaling tourists with the stories of our people – tourism is an exciting industry to be in. If you love working with people, this is the place to start. This course will allow you to learn about the national and international tourism industry, and the delivery of a quality visitor experience. Industry visits, field trips and loads of opportunities for hands-on learning make up this dynamic and practical course.

Course delivery: Terms 1-3, 1 day per week, TGA.

UNIT STD	TOURISM, TRAVEL & EVENTS	LEVEL	CREDITS
18228	Demonstrate knowledge of specific New Zealand regions as tourist destinations		8
4251	Plan a career pathway		3
31071	Identify and explain the cultural significance of natural and man-made attractions in tourism Māori		6
18226	Apply cross-cultural communication for the tourism industry		3
TOTAL CREDIT VALUE		3	20

COURSES PATHWAY TO FURTHER STUDY IN:

NZ Certificate in Cookery (Level 5) NZ Certificate in Baking (Level 5), NZ Certificate in Food and Beverage Service (Level 4) NZ Diploma in Hospitality Management, NZ Diploma in Tourism and Travel.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Chef, Baker, Barista, Barman, Caterer, Waiter/Waitress, Guest Relations, Event Planner, Restaurant/Cafe Manager, Hotel Manager, Tour Guide, Travel Agent, Flight Attendant, Cruise Director.

SPORT, FITNESS & TOURISM

If you're passionate about helping others improve their physical, social and mental wellbeing, choose an exciting career in one of New Zealand's fastest growing industries. The sport and leisure industry offers many exciting career opportunities, with businesses looking for skilled, talented and qualified employees to meet their customers' needs.

LEADERSHIP SKILLS IN SPORT & OUTDOOR RECREATION, LEVEL 3

If you have a passion for helping others and want to work in an industry that contributes to the wellbeing of your community, this course will be your first step. Students will explore sport and outdoor recreational activities. Students will gain experience in rock climbing, kayaking, rafting and sport coaching sessions. They will demonstrate personal and social development through participation in sport and outdoor recreational experiences.

Course delivery: Terms 1-3, 1 day per week, ROT

UNIT STD	LEADERSHIP SKILLS IN SPORT & OUTDOOR RECREATION	LEVEL	CREDITS
29849	Demonstrate knowledge of professional practice in a recreation workplace		5
21414	Plan and run a recreation activity		4
30935	Develop and implement an exercise plan for personal physical fitness		5
24663	Demonstrate leadership while participating in an adventure-based learning programme		3
TOTAL CREDIT VALUE		3	22

COURSES PATHWAY TO FURTHER STUDY IN:

Cert4Fitness (Level 4), NZ Certificate in Outdoor Education (Level 4) Therapeutic and Sports Massage (Level 5), NZ Diploma in Sport, Recreation and Exercise (Level 5), a pathway to Bachelor Degree.

TYPES OF EMPLOYMENT THESE COURSES LEAD TO:

Exercise consultant, community exercise instructor, personal trainer, outdoor education instructor, event supervisor, health educator, recreation programme coordinator, sport development officer, sport coordinator, sport coach, applied sports scientist.

HAIRDRESSING & BEAUTY THERAPY

HAIR, BEAUTY & RETAIL, LEVEL 2

Make your mark in the world of beauty and retail. If you're creative, love working with people and want to start a pathway that allows you to work anywhere in the world, with this introductory programme while still being at school, you will learn the techniques to begin your journey.

Course delivery: Terms 1-3, 1 day per week, ROT, TGA, TOK, TPO, WHK.

UNIT STD	HAIR, BEAUTY & RETAIL	LEVEL	CREDITS
	Customer Service Skills for Retail Industries		5
28295	Demonstrate knowledge of serving customers in a retail environment		5
	Introduction to the Hairdressing Salon		7
21941	Prepare hair for hairdressing service under supervision		2
25077	Section and comb hair		2
28026	Present a personal fashion image for work in a hairdressing salon environment		3
	Introduction to Beauty Therapy Service		6
27640	Demonstrate knowledge of current fashion trends and history related to beauty therapy		3
27641	Describe the relevance of anatomy and physiology knowledge to beauty therapy practice		3
TOTAL CREDIT VALUE		2	18

BARBERING, LEVEL 2

Barbering is a creative art form in a high-demand industry. You'll learn a about the barbering culture, including tools of the trade, customer service and communication skills specifically for the retail barbering environment. The course includes some theory but most of the learning is hands-on within a practical setting.

Course delivery: Terms 1-3, 1 day per week, ROT, TGA, TOK, TPO, WHK.

UNIT STD	BARBERING	LEVEL	CREDITS
19808	Select and maintain barbering tools and equipment		4
19805	Blow dry hair using barbering techniques		5
2886	Design and shape beards and moustaches		7
10645	Describe the development of barbering		3
TOTAL CREDIT VALUE		2-3	19
